July 19, 2017

Dear Parent/Guardian,

The Oakland County Health Division (OCHD), in collaboration with your child's preschool/childcare program, is providing you with information regarding immunization waiver requirements for the 2017-2018 school year. Each year, preschool/childcare programs must report the immunization status of all children in their care. If a child is not complete with all required immunizations, a parent must provide an immunization waiver.

There are two types of waivers:

- 1) Medical waiver from a licensed physician. – This waiver must state the health condition that is a contraindication or precaution to receiving immunizations.
- 2) Non-medical waiver for religious or philosophical reasons. – This waiver can only be received from a local health department. Your child may be excluded from the school or program if there is an exposure to a vaccine preventable disease.

Waivers submitted to preschools or childcare programs are only good for one calendar year. If you obtained a waiver **after** January 1, 2017, you do not need an additional waiver to begin the 2017-2018 school year. If the waiver was obtained **prior** to January 1, 2017, you will need to submit another.

Please visit [www.oakgov.com/health](http://www.oakgov.com/health) or call the OCHD Nurse-On-Call (800) 858-5533 for more information.

Very sincerely,

OAKLAND COUNTY HEALTH DIVISION  
Department of Health and Human Services
